

Mosman Symphony Orchestra – 2019 Dates

Hi Orchestra!

Here come our dates for 2019 We have been invited back to Mountain Ridge Estate Mountain Ridge estate winery and 4 concert programs that I think you will really enjoy!

Please remember:

1. **Part distribution.** This will now be happening as early as possible before each successive concert. This way, you have the new music, will not be distracted on a concert day searching for new parts, and have the chance to see what's coming up and even get practicing on it! Please sign for your part and add your name in pencil on the part, so we can track where the music is.
2. **String bowings.** These will be on the web site, also as early as possible. Write them in on your parts in PENCIL ASAP, and keep an eye out for updated bowings. These will feature the bowing changes in COLOUR, just to make things easier. This way, everyone will be playing from the same choir sheet, so to speak AND you just did some very meaningful practice while putting then in your part!
3. **Tuning.** Please warm up, pre-tune yourself (A=441/442) and be silent while others are tuning. ;-)
4. **Availability emails.** Please respond to these ASAP. We still get only get about 60% of the playing orchestra bothering to email back. This makes other tasks much more difficult and it is likely (even certain) your name will NOT be on the program, as this is where names are sourced from. If you do not respond, expect more polite emails, caring, solicitous phone calls, gentle questions in rehearsals and generally endless sweet reminders about this.
5. **Attendance.** We have tried very hard to run a trusting, gentle and understanding organisation as far as attendance goes. Most members are terrific and almost always at all rehearsals. Most. Can we work towards ALL please? Your absence makes a difference, even if you think not. Stand partners are put out, voices are missing from wind / brass / percussion that other rely on hearing. Of course, if you are ill, or have an emergency, your apologies via the email form is perfectly understandable.

Apart from all the fine details and unending requests, I'm looking forward to a great year full of music making!
